## DETAILED ACTION

### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In page 1, line 9, **delete** (~~Attorney Docket No. Pillar 709~~)

In page 1, lines 11-12, **delete** (~~Attorney Docket No. Pillar 713~~)

In page 1, lines 15-16, **delete** (~~Attorney Docket No. Pillar 711~~), ~~Express Mail~~  
~~Label No. EJ039579912US~~

### *Reasons for Allowance*

The following is an examiner's statement of reasons for allowance:

Claims 1-52 are allowable over the prior art of record because the prior art of record fails to teach or fairly suggest maintaining a space map block entry (b,e), wherein b and e represent index table entries, b indicates a first snapshot that uses the first block, and e indicates a last snapshot that uses the first block.

In contrast, the closest prior art, U.S Patent 6,636,879 B1, issued to Lewis Doucette et al, on October 21, 2003. The subject matter disclosed therein is the system and method determine the relative vacancy of collections of storage blocks by using an array of binary numbers in a spacemap block. The array of binary numbers in each single space map block represents the allocation of all blocks for all snapshots and the active file system (see Fig. 2, col. 7, lines 9-15), but fails to anticipate or render the above cited limitations obvious.

U.S Patent Application Publication No. 2003/0018878 A1, publication to Dorward et al, on January 23, 2003. The subject matter disclosed therein is a method and system for managing archival data storage, snapshots and active file system by utilizing an index hash table (see Fig. 1, # 114, Fig. 4, par. 0005, 0051, 0068).

Thus, prior art of record neither renders obvious nor anticipates the combination of claim limitations in light of the specification.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
